

Halse U13 Report 2018

For Westbury Annual Parish Meeting

Another year nearly completed for Halse U13's. We've had a good season and are currently sitting 4th in our league with four games to go; the last one being at home this coming Sunday.

The weather hasn't been kind to us this year and we have had to postpone many games both at home and away; but saving the pitches must come first so we have followed advice from Dave at Westbury Football Club and cancelled games when necessary.

The boys and parents have appreciated support from some of the villagers this year who have been to watch some of our games.

The facilities here are still the talk of our league, with many teams looking forward to playing here. We even had a club secretary from another team in Northampton at the match on Sunday as he had heard about Westbury and came to look for ideas in readiness for when they re-build their clubhouse and changing rooms.

We have enjoyed supporting the village this season, firstly with the fete last summer, selling burgers, (which we have said we would be happy to be involved again this year) and we were pleased to be able to offer a donation towards the community defibrillator which will be a great asset to the village and surrounding area.

Next season, we plan to stay in the same league, however we will move to Sunday afternoons which will be a 2pm kick off, hopefully you will all be in agreement with this.

We would just like to thank you all for your support you have given us and we look forward to continuing our relationship with you.
